As future Doctors of Dental Medicine, we, the Class of 2023, commit ourselves to:

- Valuing and appreciating the diversity among us that makes us stronger;
- Realizing our potential through self-assessment and lifelong learning;
- And treating our patients with integrity, empathy, and beneficence.

We commit to having the courage to ask for help when we need it;
- Acting as stewards of our discipline, not owners of it;
- And remaining steadfast in our pursuit of evidence-based knowledge and clinical excellence.

We commit to being healthcare providers dedicated to integrated care;
- Making service the cornerstone of our practice to ensure no one is forgotten;
- Demonstrating leadership as we influence others based on trust;
- And learning from the past to build toward the future.

It is with unwavering resolve that we pledge ourselves to the betterment of our patients, the service of our communities, and the future of our profession.

Class of 2023 Pledge

As future Doctors of Dental Medicine,
We, the Class of 2023, commit ourselves to:

Valuing and appreciating the diversity among us that makes us stronger;
   Realizing our potential through self-assessment and lifelong learning;
   And treating our patients with integrity, empathy, and beneficence.

We commit to having the courage to ask for help when we need it;
Acting as stewards of our discipline, not owners of it;
And remaining steadfast in our pursuit of evidence-based knowledge and clinical excellence.

We commit to being healthcare providers dedicated to integrated care;
Making service the cornerstone of our practice to ensure no one is forgotten;
Demonstrating leadership as we influence others based on trust;
And learning from the past to build toward the future.

It is with unwavering resolve that we pledge ourselves to the betterment of our patients, the service of our communities, and the future of our profession.
