

Date: February 13, 2024

To: All ECU School of Dental Medicine Students

Please submit all immunization records to Student Health via **MyPirateChart** to verify that your immunizations fully comply with NC Immunization law and the requirements established by the ECU School of Dental Medicine.

Please complete the **Report of Medical History** by going to [ecu.medicatconnect.com](http://ecu.medicatconnect.com), aka MyPirateChart.

Student health must receive the completed Report of Medical History and proof of required immunizations no later than **8-1-2024** before the Fall term to assure your continued status as an admitted student at the School of Dental Medicine. **IF IMMUNIZATION REQUIREMENTS FOR ECU ARE NOT MET, DISMISSAL FROM SCHOOL IS MANDATORY UNDER NORTH CAROLINA LAW.** All costs of student compliance with ECU and The School of Dental Medicine Immunization requirements will be the responsibility of the student.

In completing the forms, please note the following:

- Verification of immunization records is acceptable **ONLY** with physician, FNP, PA signature, health department stamp, or a copy of your college record.
- The Student Health Services office will use the address that you provide on the form to correspond with you.
- The information you supply is confidential. Student Health will keep the documents on file as a reference so that they can provide you with health care as needed, while you are a student at ECU.

In addition to the required immunizations by ECU, The Dental School also requires a recent TB skin test (less than a year old) or a Chest X-Ray (less than 2-years old) if you have had a positive TB skin test in the past.

You will need to upload this to your **MyPirateChart** through Student Health as well. The TB skin test due date is the same as the other immunization requirements (**8-1-2024**). Due to the fact that the TB skin test is only required by ECU SoDM it is possible that Student Health will tell you your records are complete even without a recent TB skin test. Please know this is still required by the Dental School and should be uploaded to **MyPirateChart**, so that we can confirm you have met our requirements.
